

KS2 Music Activity

Beat Painter

Use the first link to go to the Beat Painter website. This website works best on laptops or computers using the *Google Chrome* search engine. Follow the instructions on the website, ensuring that the microphone is switched on. Paint should appear on the screen when sounds are made.

1. Explore making art using sounds and music

Use your body, vocalisations or instruments to make different sounds.

Make music

- Do different sounds make different patterns?
- What artwork can you make when you play your favourite song?
- What type of sounds make the best artwork?

Use the worksheet to record your answers.

2. Use colours to draw your favourite Beat Painter artwork in the space below
