

KS3 Music Activity

Animation - 'Automne' by Team Automne

'Automne' is a short animation by Team Automne at LISAA in Paris. The animation is about a character who controls the weather during the autumn season.

1. Explore the animation

Watch and listen to the animation using the link provided.

Listen

- Think about parts of the animation that you like.
- How does the music make you feel?
- What sounds can you hear?
- What instruments can you hear?

Use the worksheet to record your answers.

2. Making sounds for an animation

Now turn the sound off and watch the animation again. Can you make your own sounds/music to go with the animation?

Make music

- Use your body, vocalisations or instruments to make different sounds.
- Can you make the sounds of the clock, the rain, the leaves or the wind?
- Make music that makes you think of autumn.

You could make the sounds of autumn weather using things from around the house such as water or leaves and twigs from the garden.

3. Performance

Perform

Perform your composition along to the animation. Think about what parts of your composition you like best. What is similar/different to the original sounds/music?
